**GRAFFITI VANDALS GET "CLEANED UP"**

# MASSIVE CLEANING TASK

FROM THIS ...

**VANDALS  
ATTACK  
33 CARS**

A mammoth cleaning job faced six members of the mobile graffiti removal team when vandals sprayed 33 suburban carriages on Saturday, February 9.

In a marathon 24 hour effort the team cleaned every car to send them sparkling clean back into service in time for the Monday morning peak.

Masked and gloved, and in their protective overalls, the team went to work with special graffiti remover.

The six team members, Mick Darwich, Sam Hammoud, Ken Smith, Tony Keriouz, John Pais and Gary Kay worked continuous shifts at PA Sidings and Waterfall to complete the task.

Manager Fleet Presentation Damon Schreiber told the team it had made "outstanding efforts" cleaning the cars.

"The cars were covered in explicit foul language, large murals and 'tags'," he said.

"It was a job well done to return them to service sparkling clean."

TO THIS IN JUST 24 HOURS!
